

Class 42

Scientific and technical services and related research and design services; industrial analysis, industrial research, and industrial design services; quality control and quality certification services; design and development of computer hardware and software.

4209 Provision of scientific and technological research services

420040 Technical Research
420061 Technical project research
420064 Engineering
420096 Physics Studies
420101 Mechanical studies
420136 Calibration (Measurement)
420157 Quality control
420161 Research and develop new products for others
420192 Urban planning
420207 Consulting in the field of energy conservation
420208 Scientific research in the field of environmental protection
420212 Provide scientific information, advice and advice on carbon offsets
420213 Quality assessment of live standing timber
420214 Wool quality assessment
420216 Water quality analysis
420217 Scientific laboratory services
420218 Energy audits
420222 Scientific research
420233 Telecommunications technical consulting
420236 Write scientific and technical papers
420251 Scientific and technical research in the field of natural disasters
420253 Scientific and technical studies on patent maps
420255 Research in the field of telecommunications technology
420256 Research in the field of welding
420277 Artificial intelligence technology consulting
420278 Research in the field of artificial intelligence technology
420289 Provide scientific information, advice and advice related to net zero emissions
420309 chip design
420312 Acoustic measurement services
C420006 Quality inspection
C420007 Quality assessment
C420008 Quality system certification
C420015 Engineering drawings

4210 Geological survey, research, development services are provided

420008 Oilfield exploitation analysis
420042 Well testing
420062 Geological surveys
420063 Oilfield surveys
420079 Land surveying
420095 Petroleum exploration
420118 Geological exploration
420119 Geological research
420167 Underwater exploration
420193 Surveying and Mapping (Engineering)
420252 Exploration services in the oil, gas and mining sectors
420268 Cartographic surveys or thermography surveying services carried out by drones
420270 Research in the field of excavation
420275 Provision of geographic information
420276 Provides non-downloadable online geographic maps
420280 Geotechnical investigation
420281 Geological well testing
420292 Archaeological excavations

4211 provides chemical research services

420007 Chemical analysis
420030 Chemical Services
420031 Chemistry Research
420045 Cosmetic research

4212 Provide biological and medical research services

420017 Bacteriological research
420190 Biological Research
420224 Clinical trials
420257 Medical research
420284 Grow cells for scientific research purposes
420290 Scientific research in the field of genetics
420298 Neuromorphic Engineering
420306 Drug screening for forensic purposes
420307 Forensic pathology services
420307 Forensic pathology services
420308 Pathological testing for forensic purposes
420313 Biomanufacturing laboratory services
420314 Paternity test
C420016 Medical laboratory services

4213 Meteorological information services are provided

420076 Meteorological information
420234 Weather forecast

4214 provides testing services

420058 Material testing
420109 Textile testing
420195 Vehicle performance testing
420291 Pre-sale inspection services for new and used vehicles
420310 Energy Performance Testing for Buildings

4216 Design services

420049 Industrial Designs
420050 Packaging Design
420165 Moulding (Industrial Design)
420266 Product prototyping

4217 Design and consulting services for buildings

420011 Architectural Services
420036 Architectural Consulting
420038 Architectural drawing
420048 Interior design
420237 Interior design
420254 Research in the field of architecture
420265 Set design for performances
420288 Golf course design
C420013 Development of construction projects

4218 Fashion Design Services

420142 Costume design
420264 Costume design

4220 Computer programming and related services

420083 Computer rental
420090 Computer Programming
420139 Computer software design
420140 Computer Software Update
420141 Computer hardware design and development consulting
420159 Computer software rental
420175 Recover computer data
420176 Computer software maintenance
420177 Computer systems analysis
420194 Computer system design
420197 Computer program copying
420198 Conversion of tangible data or documents into electronic media
420199 Create and maintain websites for others
420200 Hosted computer website

420201 Computer software installation
420203 Data conversion (non-physical conversion) of computer programs and data
420204 Computer software consulting
420205 Web server rental
420206 Protection against computer viruses
420209 Provides an internet search engine
420210 Document Digitization (Scanning)
420215 Monitor the operation of computer systems through remote access
420219 Website design consulting
420220 Software as a Service (SaaS)
420221 Information technology [IT] support services (troubleshooting of software)
420223 Server hosting
420225 Remote data backup
420226 Electronic Data Storage
420227 Provide computer technical and programming information through the website
420229 Provision of virtual computer systems through cloud computing
420232 Computer Technology Consulting
420235 Computer security consulting
420238 Phone unlock
420239 Monitor computer systems for the detection of faults
420240 Create and design web information indexes for others (information technology services)
420241 Internet Security Consulting
420242 Data security consulting
420243 Data Encryption Service
420244 Computer system monitoring to detect unauthorized access and data breaches
420245 Electronic surveillance of personally identifiable information for the purpose of detecting online identity theft
420246 Electronic monitoring of credit card activity for the detection of online fraud
420247 Software development within the framework of software publishing
420248 Platform-as-a-Service (PaaS)
420249 Development of computer platforms
420260 User authentication services for e-commerce transactions by technical means
420261 User authentication services for online applications through single sign-on technology
420262 Writing computer code
420263 Telecom cyber security consulting
420267 Design of computer simulation models
420271 Computer graphics design for projection mapping video
420272 Digital forensic investigations in the field of computer crime
420273 Technical consulting services on digital transformation
420274 Rental of data center facilities
420279 User authentication service using blockchain technology
420282 Development of video games and computer games
420283 Quantum computing
420285 Computer programming services for data processing

420286 Software engineering services for data processing
420295 Blockchain-as-a-Service (BaaS)
420296 Virtual environment hosting
420299 Rentals of user-programmable anthropomorphic robots that are not configured
420300 offers online non-downloadable computer software
420302 Computer programming of smart contracts on the blockchain
420303 Hosted on a software platform based on virtual reality work collaboration
420304 Photo Digitization (Scanning)
420305 Smart glasses for rent

4224 provides art appraisal services

420132 Appraisal of works of art

4227 Single Service

420144 Graphic Art Design
420202 Catalysis of clouds (during artificial rainfall).
420211 Handwriting Analysis (Graphology)
420228 Mapping services
420250 Business Card Design
420258 Graphic design of advertising materials
420259 Energy consumption record sheet rental
420287 Logo design services
420293 Testing and analysis of import and export goods for the purpose of quarantine and customs clearance
420294 Telescope rental
420297 Rental of scientific microscopes
C420012 Weighing goods for others

End.
